Sounds Great! Will it just be a day trip? If so, no need for a TA.

Tim,

Danielle Gaito will be visiting the Powder Mill Fish Hatchery as part of her work on developing this permit. The Hatchery recently undertook some significant process/infrastructure changes. She suggested it would be useful if I accompanied her. I agree.

Are you okay with me taking a day of travel to the Hatchery? It's about 2 hours away. I assume I'll carpool with Danielle in a GOV.

Thanks,
Mike

Hey Mike –

I spoke to the hatchery and they are fine with you coming up with me. He said we are welcome whenever and Mondays or Wednesdays work great for him. Would Wednesday, October 2nd or 9th work for you?

Danielle

Makes sense to me, Danielle. Thanks. I can be flexible on days of the week. Tuesday would probably be my *least* preferred day, but could make it work.

Thanks,
Mike

Thanks Mike – I thought of that walking to the train yesterday. I thought I might ask them what they think and explain that you wouldn't be wearing your "counsel" hat as much as your "permit support" hat. I will let you know when I hear from them. I left it wide open for them – is there a day of the week you would prefer?

Thanks!
Danielle

Hi Danielle,

Upon further thought, I would definitely be interested in visiting the hatchery. I could see the permittee perhaps not being crazy about having an attorney come along, so no worries if it causes a headache. But if you think it would be fine, please send me the details.

Thanks,
Mike
